

Club DJ Church Partnership Agreement

As **Club DJ** continues to grow, working with more and more churches, we are finding that children are moving from one city to another as well as one province to another and we are often asked where they can join **Club DJ** in their new city/town. As we are all working together to reach the children in our communities for Christ it is important that children can find another church to attend. If they are seeking another church running **Club DJ** then it is important that when they join **Club DJ** in their new city or town that they are not repeating stories in Bible Time and that their student book can be taken to **Club DJ** in their new church if they move in the middle of the year. As we are seeking to operate in good faith with each and every church it is important as we work together as a **family of churches** to have a common understanding of how **Club DJ** will be running in each of our churches. That being said, we are always interested to hear from you how you feel we could improve **Club DJ** and help you be more effective in reaching the children in your community. These are the areas of **Club DJ** that need to be maintained:

1. The church club will be known as **Club DJ**.
2. Churches are encouraged to host a training workshop.
(This is for churches running **Club DJ** for the first time!)
3. Churches are encouraged to appoint a **Club DJ** Director.
4. Materials are not to be reproduced unless stated that they are reproducible.
5. Each church will purchase and use the Director's Kit for the current year.
6. Each church will agree to run **Club DJ** as designed:
 - A. Each registered child will receive a student book complete with memory work, lessons, and **Club DJ** catalogue.
 - B. Bible Time material is to be used in cycle as per scope and sequence.
 - C. Churches should have quality crafts.
 - i. Craft kits are available from D&J (**2 week notice**) or
 - ii. Craft patterns are available from D&J or
 - iii. Churches may develop their own crafts as long as they maintain a level of quality similar to crafts available from D&J.
 - iv. (NOTE: Craft time is used to build relationships.)
 - D. Churches can decide on their own games/activity time but are encouraged to use this time to also build relationships. *

(Churches using **Club DJ for Sunday school may not have game/activity time.)*
7. The **Club DJ Catalogue** must be used as an incentive and reward for all children in **Club DJ**.

The number of churches across Canada hosting **Club DJ** continues to grow. As we all partner together seeking to reach boys and girls in our communities for Christ, with the desire to raise up a generation with '**Hearts ♥ That Desire to Please God**', I truly believe that this nation will not be the same as God begins to work strong on their behalf.

2 Chronicles 16:9 – "For the eyes of the LORD range throughout the earth to strengthen those whose hearts are fully committed to him."

Hearts ♥ That Desire to Please God!
