

Club DJ Church Partnership Form

The family of churches running **Club DJ** continues to grow and reports come in regularly of the things that God is doing. Our desire as we partner together is that this partnership is not just between **Club DJ** and your church but rather collectively between all of our churches as we all work together to reach the children in our communities. If all the children in your city or town went to **Club DJ** there is not enough church space presently available in your city or town to meet the needs of the children that would come. As we all work together to raise up a generation with 'Hearts ♥ That Desire to Please God', I truly believe that this nation will not be the same as God begins to work strong on their behalf. Together we will give God all the honor and all the glory for all He does! May God bless you in your ministry there as you follow His leading.

As we have read over the '**Club DJ** Covenant with Churches' and the '**Club DJ** Church Partnership Agreement' we do understand how **Club DJ** and our church will be working together to reach the children in our community. We also understand that as we enter into this partnership we are joining many other churches who are all working together for the same cause: to raise up a generation that has hearts that desire to please God. We agree with both of these documents and desire to start **Club DJ** in our church and would like to receive the Director's Kit which we understand includes the Bible Time material for the coming year as well as the Director's Manual. Upon registration of the children we will be ordering the **Club DJ** Student Books and Catalogue Awards as needed.
